PROFESSIONAL SUMMARY

First-year IT student at Passerelles numériques Cambodia (PNC), Generation 2027, passionate about web and full-stack development. Building skills in HTML, CSS, JavaScript and Python through hands-on projects. Seeking an internship to apply my skills and grow in a team.

EDUCATION

Information Technology (Year 1) 2024 – Present
Passerelles numériques Cambodia (PNC), Phnom Penh · Generation 2027

- Studying web development, Python, REST APIs, databases and software practices.

High School Diploma 2021 – 2024
Rovieng High School, Preah Vihear, Cambodia

PROJECTS

SMART SLIDE – Touchless Presentation Control
Python · OpenCV · MediaPipe

- Developed a webcam hand-gesture system to control slides without hardware.
- Applied computer vision to turn hand movements into slide commands.

Personal Portfolio Website chansetha.vercel.app
HTML · CSS · JavaScript · Vercel

- Built and deployed a responsive portfolio showcasing my skills and projects.
- Added smooth CSS animations and a clean, modern dark style.

Student Clubs Website
Frontend UI · Git · GitHub · Team project

- Collaborated with teammates to build a web portal for student clubs.
- Used Git and GitHub for version control and teamwork.

Library Management System
HTML · CSS · JavaScript · Learning project

- Built a learning project on managing book records and core system concepts.

EXPERIENCE & LEADERSHIP

Goods Receive (GR) 1 May – 31 Dec 2025
Makro Cambodia, Sen Sok, Phnom Penh

- Received delivery containers of dry food, fresh food and other products.
- Handled incoming goods in the receiving area as part of the warehouse team.

Service Worker 4 months
Bonchon Restaurant, Phnom Penh

- Managed customer service, order processing and team communication.

Active Member & Leadership Roles
Union of Youth Federations of Cambodia (UYFC)

- Organized community initiatives and led peer activities with team members.
